## Excess baggage charge.

If a passenger is carrying check in baggage more than the free baggage allowance this will be charge an excess baggage charge.

The excess Baggage charge is calculated as 1.5% of the normal economy class fare for that sector.

Eg  $\Rightarrow$  Mrs Peter is holding an air India ticket number 0984326569189 while travelling Delhi to London in economic class this checked in Baggage consist of two Suitcases weighing a total of 28 Kg. Calculated the excess Baggage charge (EBC) & issue of excess Baggage ticket (EBT).

Free Baggage allowance 20kg.

check-in weight 28kg.

Excess Baggage 8kg.

$$\begin{aligned} \text{Excess Baggage charge} &= 1.5/100 \times 54750 \\ &= 821.25 \end{aligned}$$

$$\begin{aligned} \text{EBC for 8kg} &= 821.25 \times 8 \\ \text{INR} &= 6570 \end{aligned}$$

Ques Mr. Andrew is booked to travel in Business class from DELHI at check in at Delhi airport he has total checked in Baggage of 45kg. Calculate the excess baggage charge of issue excess Baggage ticket.

Excess Baggage = 45-30  
 = 1.5 kg.

Charge = 1.5% of 27925

=  $1.5/100 \times 27925$   
 = 418.87

$$\begin{aligned}
 \text{EBC} &= 418.87 \times 15 \\
 &= \text{INR } 6283.12 \\
 &\approx \text{INR } 6285.

$$\text{Free Baggage} = 3 \times 30 = 90$$

$$\begin{aligned} \text{Excess Baggage} &= 103 - 90 \\ &= 13 \text{ Kg} \end{aligned}$$

$$\text{ERC / Kg} = 1.5 / \text{LKR of } 1250$$

$$\text{ERC} = 26.25 \times 13 \text{ Kg}$$

$$= 341.25$$

$$\text{INR} \approx 342$$
