(B) Read the given Passage carefully and answer the following questions:

India is a secular, democratic nation. This implies that every religion is treated equally and at par with every other religion. No religion is accorded any preferential treatment of any kind. All citizens are also free to practice, preach or profess any religion of their choosing. The state does not have a unified or homogeneous religious following.

This unique characteristic of India ensures its unity in diversity. India has been the birthplace of several religions and is the land where all these religions - such as Hinduism, Christianity, Buddhism, Sikhism, Zoroastrianism and Jainism and so on exist simultaneously, peacefully and harmoniously.

But, some anti-social elements have interpreted the sanctity of religions in a twisted way. No religion preaches violence or rioting. All the religions are but various ways to reach the Supreme Being, they are paths which lead to the ultimate truth and salvation, though we refer to the destination by various names such as Jesus, Krishna, Buddha and Allah and so on. It is important to realize that in order to ensure a peaceful mosaic of cultural distinctness, the path of non-violence or ahimsa, as given by the Father of the nation, must be followed unwaveringly.

God created man in his own image. Hence, it follows naturally that there is some divinity within all human beings. Thus, to kill and murder in the name of religion is blasphemy. Only once the religious fanatics understand this, will there be perpetual peace in the land.

Questions:

- 1. What is meant by the term "Secular"?
- 2. What is special about India's association with religion?
- 3. Why are human beings divine?
- 4. Which Path leads to ultimate truth and salvation, according to author?
- 5. How can all religions co-exist peacefully?
- 6. Give Antonym of 'Natural'.
- 7. Give Antonym of 'Truth'.

Do	as	Directed.	(Any	7)
 DU	ub	D1100		,

Fill in the blanks:

- (1) Our profits are far in ____ of what we expected. (access, excess)
- (2) We shall have to ____ this technology to Indian conditions. (adept, adapt)
